110KB429AX	T2060 with compound shift interlock (11KB51408AP3,6,7 or 8 after Serial No. 1G0458)
110KB430AX	T2090, T2100, T2130, T2180, T2080, T2180B
110KB431AX	T2080B with multi speed reverse
110KB432X	T2070B with multi speed reverse
110KB434BX	T2060A

Features:

Top covers are disassembled, cleaned and inspected. Covers out of tolerance are bored and sleeved, when required, to insure proper size and alignment. Shift rails are gauged for size and straightness. All "range valve" type top covers are built with the latest style, non-adjustable pin height design. All covers are assembled, tested and ready for installation.

Core returns:

Refer to Mack Remack® Component Core Return Policy on page M50-1-2.

Core returns should be sent to the Mack Remanufacturing Center, 2800 Commerce Drive, Middletown, PA 17057 1-(800)-5RE-MACK.

Like-for-like part number returns must be made.

Missing or damaged pieces will be debited at Dealer Net.

Non-current adjustable pin type covers will be acceptable for full credit.

Freight:

Freight on remanufactured top covers is prepaid outbound from the Reman Centers **only** (Contiguous USA). Freight coming from the distribution centers is subject to their freight policies.

Approximate Weight:

30 lbs.

Ordering Instructions:

Place orders direct with the Distribution Center serving your area.
