

VOLVO

VOLVO TRUCKS

100% Genuine Volvo Filters

**ORIGINAL EQUIPMENT YOU CAN TRUST
IS THE BEST BARGAIN OF ALL**

It's easy to save a few pennies on third-party filters but what is the true cost of using the wrong parts?

AN INTEGRATED SYSTEM

Genuine Volvo Filters are part of an integrated system of components that succeed together. Peak performance requires each part to work together perfectly.

Every Volvo replacement filter is engineered to meet Volvo's original, uncompromising standards of quality and precise manufacturing tolerances.

SUPERIOR FILTRATION

Volvo uses only the finest available filter media, adhesives and seals. These materials are manufactured with optimum structural geometry to produce the very best filters for your Volvo truck.

A third-party filter costing 28.5% less can offer only 40% of the performance. Why risk excessive wear and unnecessary downtime?

PEOPLE WHO CHOOSE VOLVO TRUCKS KNOW QUALITY

If you choose to buy Volvo trucks then choose genuine Volvo filters.

Genuine Volvo Filters are your best guarantee for operational reliability and long service life of your Volvo truck.

PERFORMANCE- The filtration efficiency of genuine Volvo filters provides the engine with the best possible operating environment.

RELIABILITY- Volvo's engineering team has devoted a great deal of time and effort to developing filters that are leak-proof under normal operating conditions.

SERVICE LIFE- The high dirt retention capacity of all genuine Volvo filters is the first step in a long service life. Volvo filters are made from strong materials that are built to withstand the grueling engine environment, including heat and cold.

ECONOMY- Volvo filters give an engine the operating conditions it requires, which allows the engine to perform efficiently.

SECURITY- Volvo filters are designed with different mounting threads for different applications, which helps minimize confusion. Labeling and clear identification also make it easy to get the right filter for your application.

CONVENIENT PACKAGING- Volvo filters can be purchased individually, in bulk quantities and in kits tailored for specific Volvo engines (see guide on reverse).

AVAILABILITY- Genuine Volvo Filters and Filter Kits are available at your local Volvo Truck Dealer.

100% Genuine Volvo Filters

DESCRIPTION	VOLVO ENGINE / APPLICATION	PART NUMBER
* Built before 11/4/02, ** Built 11/4/02 and after
